

PROGRAMMING II - FINAL PROJECT REPORT

Name - Surname: Yusuf Kerem Tural **Student ID:** 25120102006

GitHub Link: <https://github.com/yusuftural772/RockPaperScissors-JavaFX/tree/main>

1. Project Overview

This project is a JavaFX-based Rock-Paper-Scissors tournament application. It is designed to meet all the Final Project requirements, specifically focusing on Object-Oriented Programming principles, Graphical User Interfaces (GUI), and File I/O operations.

2. Implemented Features

- **Authentication:** Users can register and log in. Data is stored securely in `users.csv`.
- **File Processing:** Match results and final scores are written to `scores.csv` automatically when a tournament concludes.
- **GUI Design:** The interface is built using JavaFX VBox and HBox layouts, making it user-friendly and interactive.

3. Application Screenshots
